

Months of the year

Let's look at the calendar!
What's the date today?
It's the nineteenth of March.
I think it's Father's Day!

Let's look at the calendar!
What's the date today?
It's the twenty-fifth of December.
It's Christmas Day!

Bridge

What are the months...
What are the months ...
What are the months of the year?
These are the months...
These are the months ...
These are the months of the year.

Chorus

January, February, March, April, May.
These are the months. These are the months.
Let me hear you say:
June, July, August and September,
October, November. It's Christmas in December.

Months of the year

Let's look at the calendar!
What's the date today?
It's the twenty-ninth of July.
It is World Tiger Day!

Let's look at the calendar!
What's the date today?
It's the thirteenth of October.
My birthday is today!

(Bridge)

(Chorus x2)
